

**STRONGEST
OUTER SHELL**
IN THE INDUSTRY

MADE WITH
PBI AND

**600
DENIER**

Filament Kevlar
30% filament
70% spun

5 REASONS TO CHOOSE **PBI MAX**

- 01** Best tear strength performance at 235 lbs; - over twice as strong as any other outer shell.
- 02** The optimal mix of PBI® and Kevlar® provides superior thermal and flame resistance. Combined with high strength, this offers firefighters the greatest insurance in a worst-case scenario.
- 03** The 7oz comfort-twill weave offers a high level of flexibility and comfort, in a lightweight fabric.
- 04** Reduced stiffness and increased ease of movement – enhances garments’ ergonomic design.
- 05** 40-42 TPP* offers superior thermal protection at lower weight.
